

The Aardy™ Hinged Model

The Aardy™ Hinged Model is an all-electric *green* vehicle that requires minimal set-up time and is street legal. As the official Builder, Reseller and Servicer of The Aardy™ Hinged Model, we offer many customizable options. The Hinged Model offers lots of space for graphics, dimensional signage and interactive elements. The open layout of this model is a practical option for many events.

The Hinged Model has swing doors on the sides and an open interior with no walls.
