

The Aardy[™] Sampling Model

The Aardy[™] Sampling Model is an all-electric *green* vehicle that requires minimal set-up time and is street legal. As the official Builder, Reseller and Servicer of The Aardy[™] Sampling Model, we offer many customizable options. The Aardy[™] Sampling Model brings your sampling campaign to the next level. Your sampling products can be stored in the vehicle, so once you arrive to your destination, you are ready to distribute samples. The Aardy[™] offers space for graphics and signage, which will add to the experience.
