

The Aardy™ Winged Model

The Aardy™ Winged Model is an all-electric *green* vehicle that requires minimal set-up time and is street legal. As the official Builder, Reseller and Servicer of The Aardy™ Winged Model, we offer many customizable options. The Winged Model is ideal for product or gaming demonstrations and custom display shelving. The interior storage room serves as a storage room for tents, sound system equipment, promotional items and product samples.

The Winged Model is an aluminum structure on the sides and rear with interior recessed walls.
